Joana's 80-85 Cataclysm (1-85) Horde & Alliance Leveling Guide

My new guides are totally updated for the Cataclysm Expansion pack and Includes a full In-Game Leveling Guide Mod! My new 80-85 horde guide is a fully functional step-by-step guide that will make leveling a breeze for you! For those of you who have not bought it yet, please read on to learn more about who I am and what my guide is all about! For those of you who already know who I am and want to get to know me even better, then you can go to my section here and venture with me on my journeys through the various servers I have played on! Those of you interested in hearing about my latest projects I'm working on, you can sign up to my newsletter if you'd like.

I have been playing the Cataclysm Beta for the past 5 months and got over several characters to level 85 perfecting my questing routes each time I went through it. I have a very extensive understanding of the level 80-85 zones (Mount Hyjal, Vashj'ir, Deepholm, Uldum, and Twilight Highlands) now and have developed a full 80-85 horde leveling guide that you can use to quickly breeze right through these zones with absolutely no confusion at all. More info about me: I either play a male character named Mancow or a female character named Joana. In the past I have been first to 60 on 6 different servers, one of my goals with World of Warcraft is to get to the end level cap on new servers with the least amount of /played time possible, this means each time I level up through WoW I have been revising my routes in order to achieve a better /played time. I have achieved 4 days 20 hours /played time to 60 (years ago now), this was done on the Jubei'Thos...
