A lot of people go on [luxury cruises](#) trip with friends and family. A lot of people have a question on when the best time to go on a luxury cruise is. Though it does depend on the cruiseline you decide to select to travel in. For people from US and UK the best place to travel in summer is definitely Bahamas or the Mediterranean and in winter travelling to South Africa would be a good idea as it will be summer there.

The big reason for people choosing summer is definitely because of the warm weather and sunshine. For people in the UK they want to go on a cruise and get some sun as they dont get much sun in the UK as its always cloudy. So those people are always looking out for sunshine when they go on a cruise or any other holiday. You dont have to go out to enjoy the sun, you will be able to enjoy some sun in the cruise itself while you are travelling. You will be able to see some beautiful scenes while cruising such as sunset and sunrise and I am sure a lot of people out there would agree with me on this.

There are cruise lines like [MSC cruises](#), Royal Caribbean cruises, Cunard cruises and [Voyages of discovery](#) are the best cruises to choose from if you are looking for a summer cruise. It all depends on where you want to go though. People have different choices when it comes to going on a cruise. Some like winter cruise and some like summer cruise. This post is just an idea to give you an idea why more people enjoy summer cruises rather than winter cruises. Warm weather along with some sunshine does play a big part on people choosing summer time for their holiday or cruising?
